## ***Re-Scheduled Seminar... Ins & Outs of YUPO***

Get ready...fasten your seatbelt! Throughout this YUPO (you'-po) seminar Beth Collard will use "best practice" methods and techniques when creating YUPO paintings.

Beth will demonstrate a variety of creative ways watercolor paints and inks can be used on YUPO paper. She will demonstrate unusual special effects. Beth teaches and underscores the following: "If You Give Up Control, You Can Expect the Unexpected." Samples of three different types of YUPO paper will be given to all participants. Everyone will have time to try many of the techniques demonstrated by Beth. However, because of the slow drying time when working with YUPO, you will most likely have to complete your composition at home.

### **Please Bring:**

- 2-3 Support boards (foamcore, Plexiglas, Masonite, etc.)
- Watercolor paints, palette, water containers
- Watercolor brushes and small foam roller(s)
- YUPO paper if you have it (Beth will be supplying YUPO samples to everyone)
- Box of tissues, Q-tips, paper towels
- A small mist bottle with Alcohol (70% or higher)
- Any items you may have used for "special effects" when painting on YUPO
- Lunch (DWS will supply beverages and snacks)
- **YOUR IMAGINATION**
